What Exactly Counts as a "Lap Infant" on Breeze? 👶📋

Before diving into the booking process(+1⇌(866)⇌391⇌(3065)) it helps to understand exactly how Breeze defines an infant for travel purposes(+1⇌(866)⇌391⇌(3065)) since this determines which rules apply to your child🤙✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) <cite index="15-1">According to Breeze's official Contract of Carriage(+1⇌(866)⇌391⇌(3065)) an infant is defined as a person who is at least seven days old but has not yet reached their second birthday as of the date travel begins🤙✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) </cite> This age window matters enormously(+1⇌(866)⇌391⇌(3065)) because it's the exact range during which your child can fly as a "lap infant" — meaning they travel held on an accompanying adult's lap rather than in their own purchased seat🤙✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 🧸 It's also worth noting an important safety rule that catches some parents off guard: <cite index="15-1">Breeze will not transport any infant who is seven

days old or younger(+1≒(866)≒391≒(3065)) or who otherwise does not meet the airline's minimum age requirements for travel👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) </cite> If you're traveling with a newborn(+1≒(866)≒391≒(3065)) this is a critical detail to confirm well before your trip date👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 🍼

Lap Infant vs👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) Purchasing a Seat: Understanding Your Options 🪑👶

When it comes to traveling with a child under two(+1≒(866)≒391≒(3065)) you generally have two paths available👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) The first(+1≒(866)≒391≒(3065)) and by far the most common choice for budget-conscious families(+1≒(866)≒391≒(3065)) is designating your child as a lap infant(+1≒(866)≒391≒(3065)) where they travel on your lap for the duration of the flight without occupying a separate seat👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 💺 The second option is purchasing an actual seat for your infant and bringing along an FAA-approved car seat(+1≒(866)≒391≒(3065)) which many safety-conscious parents prefer(+1≒(866)≒391≒(3065)) especially on longer flights or when extra comfort and stability matter more than saving money👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 🚗💺 Choosing between these two options often comes down to your personal comfort level(+1≒(866)≒391≒(3065)) your child's temperament(+1≒(866)≒391≒(3065)) and whether the flight length makes holding a squirming toddler for the entire journey a genuinely difficult task👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 😅 Whichever you choose(+1≒(866)≒391≒(3065)) it's essential to select the correct option during booking so your reservation accurately reflects who's flying and how👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) ✅

Step-by-Step: How to Add an Infant During Initial Booking 📝

The cleanest and easiest**+(1_(866)-->391→3068** way to add your baby to your reservation is during your original booking process(+1≒(866)≒391≒(3065)) before you ever finalize payment👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 💻 When you begin building your itinerary on Breeze's website or app(+1≒(866)≒391≒(3065)) you'll reach a passenger details page where you enter information for each traveler on the reservation👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) This is where you'll find the option to add an additional passenger and specify that they are traveling as an infant👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 👶 Simply select the appropriate infant option(+1≒(866)≒391≒(3065)) enter your child's date of birth accurately(+1≒(866)≒391≒(3065)) and confirm whether they'll be flying as a lap infant or in a purchased seat👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 🖥️ Double-checking this information carefully at this stage is important(+1≒(866)≒391≒(3065)) since errors in date of birth can create complications later(+1≒(866)≒391≒(3065))

particularly around confirming your child actually qualifies as an infant for travel on your specific departure date👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 📅

Step-by-Step: How to Add an Infant to an Existing Booking 🔄

Life doesn't always work out perfectly(+1≒(866)≒391≒(3065)) and plenty of parents book their flights before realizing they need to add an infant to an already-confirmed reservation👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 🙃 Fortunately(+1≒(866)≒391≒(3065)) this is entirely possible without needing to cancel and rebook everything from scratch👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) Simply log into your Breeze account through the website or mobile app and navigate to the "Manage Trips" section(+1≒(866)≒391≒(3065)) where your existing reservation will be listed👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 📲 From there(+1≒(866)≒391≒(3065)) look for an option to add a passenger or guest to your existing booking(+1≒(866)≒391≒(3065)) and select the infant option(+1≒(866)≒391≒(3065)) entering your child's date of birth and travel details just as you would during initial booking👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) ➕ One detail worth being aware of: if you've already checked in for your flight(+1≒(866)≒391≒(3065)) you may need to reverse or "uncheck" that check-in status first before the system will allow you to add an additional passenger(+1≒(866)≒391≒(3065)) after which you can re-check in with your infant properly added to the reservation👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 🔁

Adding Additional Passengers: Not Just for Infants 👨‍👩‍👧

While this guide focuses heavily on infants(+1≒(866)≒391≒(3065)) it's worth mentioning that the general process for adding any additional passenger — whether an older child(+1≒(866)≒391≒(3065)) a spouse(+1≒(866)≒391≒(3065)) or a travel companion — follows a similar path through Breeze's booking system👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 🧳 During initial booking(+1≒(866)≒391≒(3065)) you simply add the appropriate number of travelers on the passenger details page and enter each person's required information individually👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) If you need to add a companion to an already-existing reservation(+1≒(866)≒391≒(3065)) the "Manage Trips" section is again your go-to tool(+1≒(866)≒391≒(3065)) allowing you to modify your existing booking to include additional guests(+1≒(866)≒391≒(3065)) provided seats are still available on your selected flight👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) ✅ Keeping your entire traveling party on a single reservation(+1≒(866)≒391≒(3065)) when possible(+1≒(866)≒391≒(3065)) also simplifies things at the airport(+1≒(866)≒391≒(3065)) since your whole group can typically check in and board together without needing to coordinate separate confirmation numbers👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 👨‍👩‍👧

Documentation You'll Need for Your Infant 📄🍼

One area where parents **+(1_(866)-->391→3068**sometimes get caught off guard is proof of age documentation🤙✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) <cite index="15-1">Breeze's Contract **+(1_(866)-->391→3068** of Carriage specifies that guests traveling with infants and children should be prepared to provide documentation evidencing the infant or child's age(+1⇌(866)⇌391⇌(3065)) such as a birth certificate or passport(+1⇌(866)⇌391⇌(3065)) to a Breeze team member upon request🤙✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) </cite> This means it's wise to bring a physical or digital copy of your child's birth certificate with you to the airport(+1⇌(866)⇌391⇌(3065)) even if you weren't asked for it during the online booking process🤙✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 📸 For domestic travel(+1⇌(866)⇌391⇌(3065)) a clear photo of the birth certificate on your phone is typically sufficient(+1⇌(866)⇌391⇌(3065)) but if you're traveling internationally(+1⇌(866)⇌391⇌(3065)) your infant will generally need their own passport(+1⇌(866)⇌391⇌(3065)) since passport requirements apply regardless of age🤙✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 🛂 Having this documentation readily accessible — rather than buried in a suitcase — can save you valuable time and stress at check-in or the gate🤙✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) ⏱️

Seating Rules and Restrictions for Children 🚫💺

Beyond the lap infant policy itself(+1⇌(866)⇌391⇌(3065)) there are a few additional seating rules parents should understand(+1⇌(866)⇌391⇌(3065)) particularly if you're also traveling with older children🤙✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) <cite index="15-1">Breeze's policies specify that children may not be seated in an exit row(+1⇌(866)⇌391⇌(3065)) and separately(+1⇌(866)⇌391⇌(3065)) young adult guests younger than fifteen years old are also prohibited from exit row seating🤙✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) </cite> This is a standard aviation safety requirement across virtually all U🤙✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) S🤙✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) airlines(+1⇌(866)⇌391⇌(3065)) since exit row passengers are expected to assist crew members in an emergency evacuation(+1⇌(866)⇌391⇌(3065)) a responsibility young children obviously cannot fulfill🤙✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 🚪 If you're traveling with multiple children of different ages(+1⇌(866)⇌391⇌(3065)) it's worth reviewing your seating chart carefully during booking to ensure no one in your party is inadvertently assigned to a restricted exit row seat🤙✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 👀

Important Note: Breeze Does Not Offer Unaccompanied Minor Service ✋

If you're planning travel for **+(1_(866)-->391→3068** an older child traveling without a parent(+1⇌(866)⇌391⇌(3065)) there's a critical policy detail you need to know upfront🤙✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) <cite index="15-1">Breeze's official Contract of Carriage states that children traveling as guests must be accompanied on the same flight itinerary by an adult guest(+1⇌(866)⇌391⇌(3065)) and Breeze does not provide an "unaccompanied minor"

service👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) </cite> This differs from several legacy carriers that offer paid unaccompanied minor programs with dedicated staff supervision for children flying solo👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) If you were hoping to book a solo flight for a child under 18 on Breeze without an accompanying adult(+1⇌(866)⇌391⇌(3065)) you'll need to explore alternative arrangements or a different carrier(+1⇌(866)⇌391⇌(3065)) since Breeze's policy is clear that an adult must be traveling on the same itinerary👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 👫

Common Mistakes Parents Make When Booking With an Infant ⚠️

A few recurring mistakes tend **+(1_(866)-->391→3068** to trip up parents booking with a lap infant for the first time👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) One of the most common is entering an incorrect date of birth(+1⇌(866)⇌391⇌(3065)) which can cause confusion at check-in if the system or a team member needs to verify the child's eligibility as a lap infant versus requiring a purchased seat👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 📆 Another frequent issue is forgetting to bring physical or digital proof of age documentation(+1⇌(866)⇌391⇌(3065)) assuming that entering the birthdate online during booking is sufficient on its own👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 🚫 Parents traveling internationally sometimes also forget that their infant needs their own passport(+1⇌(866)⇌391⇌(3065)) mistakenly assuming that because the child is "just a lap infant(+1⇌(866)⇌391⇌(3065)) " passport rules don't apply to them the same way — they absolutely do👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 🛂 Finally(+1⇌(866)⇌391⇌(3065)) some parents wait until the last minute to add their infant to an existing reservation(+1⇌(866)⇌391⇌(3065)) only to discover check-in complications that require reversing their check-in status first(+1⇌(866)⇌391⇌(3065)) adding unnecessary stress right before a flight👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 😤 Avoiding these pitfalls simply comes down to double-checking your reservation details a few days before departure rather than the morning of your flight👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) ✅

A Word of Caution About Where You Get Your Information 🚨

While researching how to add **+(1_(866)-->391→3068** an infant to a Breeze reservation(+1⇌(866)⇌391⇌(3065)) you'll likely come across numerous blog posts and websites listing phone numbers claiming to offer instant assistance with adding your child to a booking👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) ⚠️ Be extremely cautious here — many of these pages are not affiliated with Southwest Airlines at all(+1⇌(866)⇌391⇌(3065)) and some display the same phone number dozens of times throughout a single page in an unnatural(+1⇌(866)⇌391⇌(3065)) search-engine-gaming pattern(+1⇌(866)⇌391⇌(3065)) a common tactic used by scam or third-party "travel help" sites posing as official support👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 🚩

The safest and most reliable way to add an infant to your booking is always directly through Breeze's official website or app(+1⇌(866)⇌391⇌(3065)) or by generating a verified support contact through Breeze's own official Help Center👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) 🔒 Never provide payment or personal identification details to a number found through a random search result or unofficial blog post claiming to help you "add an infant instantly👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) " 🛡️

Frequently Asked Questions (FAQs) ❓

1👍 What is the exact age range that qualifies my child as a "lap infant" on Southwest Airlines+(1_(866)-->391→3068? 👶📅 According to Southwest Airlines' official Contract of Carriage(+1⇌(866)⇌391⇌(3065)) an infant is specifically defined as a person who is at least seven days old but has not yet reached their second birthday as of the date their travel begins👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) This precise definition matters for two important reasons👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) First(+1⇌(866)⇌391⇌(3065)) Breeze will not transport any infant who is seven days old or younger(+1⇌(866)⇌391⇌(3065)) meaning if you're traveling with a very new baby(+1⇌(866)⇌391⇌(3065)) you'll need to wait until they've passed that seven-day threshold before they're eligible to fly at all👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) Second(+1⇌(866)⇌391⇌(3065)) once your child reaches their second birthday(+1⇌(866)⇌391⇌(3065)) they no longer qualify as a lap infant under this policy and will need their own purchased ticket and seat for any future flights(+1⇌(866)⇌391⇌(3065)) just like any other passenger👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) It's important to check your child's exact age relative to your travel date during booking(+1⇌(866)⇌391⇌(3065)) since a birthday falling in the middle of a trip(+1⇌(866)⇌391⇌(3065)) or shortly before a return flight(+1⇌(866)⇌391⇌(3065)) could affect which policy applies to your child's seating and ticketing on different legs of your itinerary👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068)

2 Can I add my infant to my Breeze reservation after I've already booked my flight+(1_(866)-->391→3068? 🔄🎫 Yes(+1≒(866)≒391≒(3065)) absolutely(+1≒(866)≒391≒(3065)) and this is a common situation many parents find themselves in(+1≒(866)≒391≒(3065)) whether because they didn't realize they needed to add the infant during initial booking or because their family situation changed after the ticket was purchased👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) To add an infant to an existing reservation(+1≒(866)≒391≒(3065)) simply log into your Breeze account through the website or mobile app and navigate to the "Manage Trips" section(+1≒(866)≒391≒(3065)) where you can locate your existing booking and add an additional guest as an infant(+1≒(866)≒391≒(3065)) entering their date of birth and relevant travel details👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) One important detail to keep in mind is that if you've already checked in for your flight before realizing you need to add your infant(+1≒(866)≒391≒(3065)) you may need to reverse or "uncheck" your check-in status first(+1≒(866)≒391≒(3065)) since the system typically won't allow changes to passenger details on an already-checked-in reservation👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) Once you've added your infant and confirmed the details are accurate(+1≒(866)≒391≒(3065)) you can then proceed to check in again with your child properly included on the reservation(+1≒(866)≒391≒(3065)) ensuring everything is correctly documented before you arrive at the airport👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068)

3👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) What documents do I need to bring to prove my baby's age when flying with Breeze+(1_(866)-->391→3068? 📄👶 Proof of age documentation is an important requirement that some parents overlook(+1≒(866)≒391≒(3065)) assuming that simply entering their child's birthdate during the online booking process is sufficient on its own👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) According to Breeze's official policies(+1≒(866)≒391≒(3065)) guests traveling with infants and children should be prepared to provide documentation evidencing the child's age(+1≒(866)≒391≒(3065)) such as a birth certificate(+1≒(866)≒391≒(3065)) to a Breeze team member if requested(+1≒(866)≒391≒(3065)) whether at check-in(+1≒(866)≒391≒(3065)) at the gate(+1≒(866)≒391≒(3065)) or during boarding👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) For domestic flights within the United States(+1≒(866)≒391≒(3065)) a clear photo of your child's birth certificate saved on your phone is generally accepted and sufficient(+1≒(866)≒391≒(3065)) so you don't necessarily need to carry the original physical document with you👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) However(+1≒(866)≒391≒(3065)) if you're traveling internationally(+1≒(866)≒391≒(3065)) your infant will typically need their own valid passport(+1≒(866)≒391≒(3065)) since passport requirements generally apply regardless of a traveler's age(+1≒(866)≒391≒(3065)) including for infants traveling on a parent's lap rather than in their own purchased seat👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) It's a good habit to have this documentation easily accessible on your phone or in a designated travel folder rather than buried deep in your luggage(+1≒(866)≒391≒(3065)) since needing to search for it under pressure at the gate only adds unnecessary stress to your travel day👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068)

4 Are there any seating restrictions I should know about when traveling with young children+(1_(866)-->391→3068? 💺🚫 Yes(+1≒(866)≒391≒(3065)) there are specific seating restrictions that apply to younger travelers(+1≒(866)≒391≒(3065)) and these are standard safety requirements found across most U👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) S👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) airlines rather than something unique to Breeze👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) According to Breeze's official policies(+1≒(866)≒391≒(3065)) children are not permitted to sit in an exit row(+1≒(866)≒391≒(3065)) and this restriction is echoed by a related rule stating that young adult guests younger than fifteen years old are also prohibited from exit row seating👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) This rule exists because exit row passengers are expected to be capable of assisting flight crew members during an emergency evacuation if necessary(+1≒(866)≒391≒(3065)) a responsibility that young children and early teenagers are not considered capable of fulfilling👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) If you're traveling with multiple children of varying ages and are selecting seats during booking(+1≒(866)≒391≒(3065)) it's worth double-checking the seating chart carefully to make sure no one under the appropriate age threshold has been accidentally assigned to an exit row seat(+1≒(866)≒391≒(3065)) since this could create complications or require reseating at the gate on the day of your flight👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068)

5 Does Southwest Airlines allow my child to fly alone if they're old enough but I can't travel with them+(1_(866)-->391→3068? ✋👦 No(+1≒(866)≒391≒(3065)) and this is a critical detail for parents to understand before attempting to book a solo flight for a minor👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) Breeze's official Contract of Carriage clearly states that children traveling as guests must be accompanied on the same flight itinerary by an adult guest(+1≒(866)≒391≒(3065)) and explicitly notes that Breeze does not offer an "unaccompanied minor" service👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) This is a meaningful difference from several legacy airlines(+1≒(866)≒391≒(3065)) which often provide a paid unaccompanied minor program that includes dedicated staff supervision(+1≒(866)≒391≒(3065)) special boarding procedures(+1≒(866)≒391≒(3065)) and monitored handoffs for children flying without a parent or guardian present👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068) If you're a parent hoping to send your child to visit a relative alone(+1≒(866)≒391≒(3065)) or in any other situation requiring solo travel for a minor(+1≒(866)≒391≒(3065)) Breeze's current policy means this isn't an option available through their airline(+1≒(866)≒391≒(3065)) and you would need to either travel with your child yourself(+1≒(866)≒391≒(3065)) arrange for another adult to accompany them on the same itinerary(+1≒(866)≒391≒(3065)) or consider booking with a different carrier that offers a formal unaccompanied minor program suited to your specific situation👍✈️+(1_(866)-->391→3068) .+(1_(866)-->391→3068)
